# VANDRILL

Recorded in a number of spellings including Van Driel, Van Drill, Vandrell, Vandrells, Vandrill, Vanderil and others.

The earliest reference to the name within Shropshire appears to be VANDERHEUL. A Moses VANDERHEUL born c1688 appears in Loppington Parish from 1713 onward. Moses marries at least twice: Mary WITCHERLEY at Loppington Shropshire in 1713 and on her death Winifred MACILL at St Alkmund's Shrewsbury in 1730. In the following 300+ years the name has become corrupted to VANDRILL. This sidetracker study has followed Moses and his descendants who can be found in other parts of Shropshire along with the Staffordshire Potteries and Lancashire coalfields.

A potential sibling of Moses, Elizabeth VANDERHULL marries George BOTWOOD at Prees Shropshire in 1695.

There is a reference to another Moses VANDERHEUL at Lambeth Surrey on June 18th 1672. A connection has not as yet been verified.

Several VANDERHEUL individuals can be found in the Surrey area from 1600s onward: for example :-

John VUNDERHEUL marries Abigail PYKE July, 27 1679 at Wandsworth

Catherine VANDERHEWL marries Henry SLATER 1684 at Aldgate St James  
Dukes Place

Abraham VANDERHERL marries Elizabeth LEE February 17, 1689 at Mitcham  
St Peter and St Paul

For the sake of convenience the name has been recorded in this document as VANDRILL along with the following annotations:

Parish: Variant: <name> for parish entries i.e. Baptisms, Weddings, Funerals  
GRO: Variant: <name> for GRO Index entries i.e. Births, Marriages, Deaths

The study has been presented as a descendant report for Moses VANDRILL born c1688 and details seven generations to greater/lesser degree.

Concession has been made to allow for the variability of the ages declared by individuals on, primarily, census and death records.

An individual of note is Seth VANDRILL: a 'folksinger' recognised and recorded singing 3 carols by Cecil Sharpe October, 27, 1911

Within the GoONS of the surname JAUNDRELL there is a weak link, through marriages, between the VANDRILL and JAUNDRILL families.

However the similarity of the names has at times allowed for confusion.

The families have occupied the same geographical spaces within Shropshire, Staffordshire and Lancashire. Transcribing activity has, on occasion, transposed names and wrongly recorded one for the other.

This 'sidetrack' activity was undertaken to confirm and tease out potentially misaligned individuals, access them and re-align them as necessary to the correct family.

This study is declared as SIDETRACK as research into these families is minimal and has not dug excessively into their family roots/branches.

Searches have tended to be done using the following wildcard parameter -
