

## Guild of One-Name Studies - Webinar Information

The Guild operates webinars as part of its educational and charitable aims. These are open to non-members who are very welcome to attend and ask any questions. You will find webinars at:

- Forthcoming webinars can be found at <https://one-name.org/events/webinars/>
- Past webinars can be found at <https://one-name.org/past-webinars/>.

Registration is required to ALL events, regardless of being a Guild member or not. Usually attendance is **FREE**, but if not, it will be clearly indicated that there is a cost associated with the webinar.

**Questions** can be submitted:

- During the live event using the Questions box
- Just after the presentation concludes using the Questions box,
- Sent in via email – [webinars@one-name.org](mailto:webinars@one-name.org)

We leave the Q & A section in at the end of the recording. We very rarely refer to people's full name, instead using just a given name. On occasions it is obvious who the individual is, if they are a member and are talking specifically about their study, or if the full name is on any slides or handout/syllabus.

### Join Webinar Link

As soon as you register for the webinar you will receive an email notification. If you do not, please check your spam folder. Two reminders are also sent out, 24 hours before and one hour before.

### Recordings

Most of the webinars we host are available live for non-members and for usually one week afterwards. If there are any changes to that, such as Live for all, and Members thereafter, or Members thereafter for a limited time, the relevant webinar page will indicate this.

### Recommendations

It is usually a better experience if attendees use a headset as this reduces background noise.

### Webinar Ideas

If you have an idea for a webinar, or you think you have a presentation that others might like to hear, please email us at [webinars@one-name.org](mailto:webinars@one-name.org) and we will forward to you the speakers form to you (if applicable)
